MEAT INVENTORY RESTRICTIONS TERMINATED

(For Trade and Summary)

WASHINGTON, D. C., July 10, 1945.

Action by the United States Department of Agriculture today, terminated War Food Order 48, which became effective April 6, 1943 and which limited in-

ventories of all slaughterers and meat handlers. The operation of the order has been suspended since September 1943. At the present time available meat supplies are moving freely into consumer channels and there is no need for inventory restrictions, officials state.
